

**TOYOTA HIACE & COMMUTER H300 VAN & PEOPLE MOVER 05/2019 On
DRIVER & PASSENGER INBOARD FOLDING ARMRESTS**

The adjustable armrests can be retrofitted to the OEM driver and passenger seats in your H300 Toyota Hiace van or Commuter people mover (05/2019 on models).

Armrests can be folded up and stowed away when not in use. The underside winder also allows the armrest to be adjusted to your desired height, to allow for maximum comfort.

The fitting kit supplied with each armrest includes everything required for a DIY fitment. Professional fitment is also available through our approved installers.

Part Codes

- FA-TH-T-R (RHS of Seat)
- FA-TH-T-L (LHS of Seat)

FEATURES

- Driver and Passenger side available
- Armrest folds up when not in use
- Underside winder allows armrest height to be adjusted for maximum comfort
- Kit includes everything required for DIY fitment

IMPORTANT

- Armrests will only fit inboard position of seats. Outboard position fitment is not possible due to seats being equipped with side air bags.
